Comprehensive Plan: Not Applicable

Zoning Code: Not Applicable

Background/Supporting Information:

On February 15, 2008, the City Council approved the Asphalt Pavement Resurfacing Program. The purpose of this program is to extend the life of some city streets which are not scheduled for any preventative maintenance, renovation or reconstruction in the foreseeable future. This resurfacing program is targeting neighborhoods and MSA streets that are at a point in their life cycle where a new surface will extend the street's life and improve ride quality and neighborhood livability, and help slow the overall deterioration of our City street system.

The purpose of this letter is to designate the location, streets and improvements (consisting of asphalt pavement mill and overlay improvements, along with select curb and gutter replacement, select storm drain installation, and earthwork corrections as needed), and also to establish the special assessment improvement proceedings for street resurfacing for the 28th Av S Phase 2 Street Resurfacing Project.

The location of the 28th Av S street resurfacing project is from 40th St E to 50th St E and also from 55th St. E to 56th St. E. Twenty-eighth Av S at this location is MSA Route No 431. Segments of this part of 28th Av S were last paved in 1951, and 1957.

As provided in Chapter 10, Section 8 of the City Charter, submitted herewith are lists of parcels with owner's names, as nearly as can be readily ascertained, which would be benefited by and assessed for the 28th Av S Phase 2 Street Resurfacing Project.

Also submitted is a cost estimate of \$1,550,000 for the resurfacing project.

The street resurfacing special assessments would be determined by applying the 2013 Uniform Assessment Rates to the land area of benefited parcels located within the street influence zone along the improved streets. The approved 2013 resurfacing assessment rates are as follows:

\$0.60 /sq ft – Non-Residential \$0.20/sq ft – Residential

Attachment 1 – Map

Cc: Jack Qvale, Secretary, Board of Estimate and Taxation

T&PW – Your Committee recommends passage and summary publication of the accompanying Resolution and its accompanying Committee Report designating the locations and streets to be improved in the 2013 Resurfacing Program, 28th Av S Phase 2 Street Resurfacing Project, Special Improvement of Existing Street No. 5242.

Colvin Roy

2013 STREET RESURFACING PROGRAM

TWENTY-EIGHTH AV S PHASE 2 STREET RESURFACING PROJECT SPECIAL IMPROVEMENT OF EXISTING STREET NO 5242

Designating the improvement of certain existing streets in the 2013 Street Resurfacing Program at the locations described hereinafter.

Resolved by the City Council of the City of Minneapolis:

That the following existing streets within the City of Minneapolis are hereby designated to be improved, pursuant to the provisions of Chapter 10, Section 8 of the Minneapolis City Charter, by asphalt mill and overlay and including other street resurfacing related improvements as needed.

Twenty-eighth Av S from 40th St E to 50th St E and 55th St. E.to 56th St. E

T&PW – Your committee, having received cost estimates of \$1,550,000 for street resurfacing improvements and a list of benefited properties for certain locations in the 28th Av S Phase 2 (40th St E to 50th St E and 55th St. E to 56th St. E.) Street Resurfacing Project, Special Improvement of Existing Street No. 5242, as designated by Resolution 2013R-_____ passed April 12, 2013, now recommends that the City Engineer be directed to prepare a proposed Street Resurfacing Special Improvement Assessment against the list of benefited properties by applying the 2013 Uniform Assessment Rates as per Resolution 2012R-605, passed November 16, 2012.

Your Committee further recommends that the City Clerk be directed to give notice of a public hearing to be held by the Transportation and Public Works Committee on May 14, 2013 in accordance with Chapter 10, Section 8 of the Minneapolis City Charter and Section 24.180 of the Minneapolis Code of Ordinances, to consider approving the resurfacing of the above designated street locations, and to consider the amount proposed to be assessed to each benefited property and the amount to be funded by the City.
